Comments: While at Football practice My Son Dislocated and fractured his hip. He was ambulated to the ER where they were able to set it. After meeting with specialists he underwent surgery to repair the fracture and start his healing. After months of physical therapy he is on the mend. The benefits of this insurance more than took care of our out of pocket medical bills. We are so grateful we had it.

Comments: It's hard to explain the peace of mind that comes, when you log into your bank account and see a check for \$37,400. It feels like we won the lottery today because thankfully for us, our health insurance has no deductible. This is the smartest decision a family can make, because when you think about it.. it's impossible to lose money. It's a savings account if you stay healthy, and it's a Cash-Cow if you don't. We had this policy for less than a year when my wife's pregnancy took an unexpected turn. Who doesn't like getting more benefits while simultaneously saving for their future? When was the last time you heard of an insurance company that gives you 100% of your money back if you never use them? I wish our car insurance company did something like this.. but oh well.

The icing on the cake was, getting a call from the claims department saying more money was headed our way, because we qualified for more benefits.. what kind of company does that? We were not anticipating a \$46,000 raise this year. A check this size means our house payment is covered for the next 2 years. We can buy my wife a new mom car that's safe. But most of all, this buys us a lot of precious time with our girls before I head back to work. We'll just invest the difference. Being a family of 5, we knew it was only a matter of time before something happened to one of us, and rolling the dice just isn't worth it. We've already told both sides of our family about you guys, and it's no surprise so many of them picked it up! How cool that you can file a claim straight from your phone camera! Thank you Family Heritage and Dillon, for doing exactly what you said you would do, and following through on your word. It's rare these days.. Truly a World-Class company.

Comments: on April 8th, 2021 my husband Paul had a massive stroke. We had just taken out coverage about 3 months before his stroke happened. Paul had never had any health problems other than seasonal allergies, heart burn & anxiety due to claustrophobia. on April 8th our lives changed when Paul had his stroke at 3:00 a.m. He had no signs before his stroke. Fortunately for us,

Paul had asked our daughter, Andrea Fayville, what exactly she sold? She told him and I about Globe Life and the benefits. Paul looked at me and said "Well it wouldn't hurt to get covered as we are getting older." Then he kind of chuckled. Little did we know at that time that we would need it so soon. Paul spent 12 days in ICU. 14 days in a medical rehab hospital and another 14 days in another rehab hospital. It is now 7 months since his stroke and he is still currently in rehab. He ~~went~~^{goes} to 3 rehabs, 4 times a week. It has been a relief knowing we have Globe Life and the coverage as some of the bills have been very big. I am so thankful for that day that Paul asked Andrea, "what exactly do you sell?"

Comments: We had purchased the insurance not expecting to use it. Terry was in California and slipped and fell from a Semi truck step. He ended up with 6 broken ribs that were broken in multiple places which they call a flailed chest and a broken clavical that required surgery. After his hospital stay he had to have therapy for his shoulder. Globe Life paid \$5,800.00 on his claims and we used it to purchase an electric recliner to help Terry get up and down. It has been money well spent having the coverage.
